

AIP's Student Opportunities

Program / Opportunity	Type of Support	Who It's For	Key Benefits	Webpage
History of Physics Grant-in-Aid (AIP)	Research grant (includes travel funding)	Graduate students, researchers	Up to ~\$2,500; supports archival research, travel, oral histories	https://www.aip.org/history-programs/physics-history/grants 1
AIP Early-Career Conference Support (History Programs)	Conference travel support	Graduate students, early-career researchers	Travel assistance to attend AIP-associated conferences	https://www.aip.org/history-programs 1
SPS Travel & Research Grants (AIP-run)	Travel, research, outreach funding	Undergraduates (SPS members)	Travel grants, research awards, chapter project funding	https://students.aip.org/ 23
TEAM-UP Together Scholarship (AIP + partners)	Scholarship + support program	Undergraduate physics/astronomy students	Up to \$10,000/year + mentoring + access to travel/professional development	https://www.teamuptogether.org/scholarship 4
TEAM-UP Undergraduate Research Fellowship (AIP + partners)	Research funding	Undergraduate students	Funded research experience + training and community support	https://teamuptogether.smapply.io/ 5
SPS & Sigma Pi Sigma Scholarships (AIP-administered)	Scholarships	Undergraduate physics students	Multiple awards (typically \$2k–\$6k+), leadership & academic merit	https://students.aip.org/scholarships 6
SPS Summer Internship Program (AIP)	Paid internship	Undergraduate students	Paid DC internship in science policy, research, or outreach	https://students.aip.org/ 3
Physics & Astronomy Congress (SPS/AIP)	Conference + potential funding support	Undergraduate students	Networking, presentations, career development; some travel support via SPS	https://students.aip.org/ 3
